June/July 2007

REGIONS BEYOND: Desert heat, Sahel winds, and ministry that begins at sunrise and concludes near midnight will typify our lives in July. In the midst of natural challenges, one of the greatest open doors for the gospel we have experienced is now occurring. The biblical basis for the regions beyond is to continue bringing the gospel to areas that previously had no church. Four churches have been established in this Islamic area that previously had no church.

The Fastest Growing Religion in North Africa is Islam. In a land that was predominantly Christian hundreds of years ago, radical Islam is now the dominant force. Children are a target of extremists who indoctrinate them against Christianity and the west. In the midst of Islam, we are able to openly hold “big meetings.” Thousands of people have received salvation during the meetings and radio broadcasts in which we can freely preach the gospel over Islamic airwaves.

Outcast Finds Home ... The teenaged girl pictured at the far right was saved during our crusade that resulted in the establishment of a new church in a town that previously had none. The girl’s parents did not want her and hearing about the new church, dropped her off hoping the church would care for her. The former Moslem was saved and has become a vital part of the church.

Personal Note From Bruce & Becky

Living overseas, with an always very busy ministry schedule, we depend on our Florida office to handle our administrative functions. Our recent administrative changes have made it possible for us to place our focus on church planting, crusade ministry and pastoral training. Larry Noda, CPA is doing an excellent job with the ministry finances and our *son*, Bruce III, has brought our administrative functions to a higher level of professionalism even as he is working on a Ph.D.
