October/November 2007

Dear Friends in Christ,

I have just completed a lengthy and very successful ministry trip to the former Soviet Union. Details of the trip will be included in an upcoming newsletter.

When you receive this letter I will be in southern Ethiopia for a pastors and leaders conference followed by outdoor evangelism services. Please pray for my safety as the last time I was in the specific area of the ministry there were attempts to cause me physical harm as well as threats if I returned to the area. These threats were made by a man who was defrocked from ministry for moral issues. The Ethiopia ministry will be one of our largest events of the year with several thousand leaders in attendance at the conference, followed by tens of thousands of people at the crusade.

The year 2007 has been one of our most successful years of ministry and will result in more churches started than any previous year. It is difficult to estimate the numbers of leaders we have ministered to, but it will certainly be well over 10,000. We will end the year with over 250,000 people directly ministered to with thousands of salvations.

Concurrent with the blessings of Lord in ministry, we are currently experiencing one of the worst demonic attacks of our entire ministry. Last month we experienced the lowest financial offerings in over twelve years. Combined with a 45% devaluation of the US dollar overseas, we have a challenge and would appreciate your prayers.

Recently, someone attempted to empty our bank accounts through fraudulent transactions and to steal our identity. Those involved have stolen passport information, signatures and bank account information. They were also using a fake email address and previous mailing addresses to make the correspondence seem that it came from me. No money was stolen and we want to assure you that all contributions and accounts are secure.

We have closed our post office boxes in both Nairobi and Woodville and are not receiving forwarded mail. We are only receiving mail sent to the Tallahassee box as detailed below. Additionally, we do not use any free email service such as hotmail or yahoo, but only use personal domains for email. We would appreciate your contacting us directly if you receive anything that seems out of the ordinary.

Becky and I appreciate your continued support and prayers as we move through this challenging, yet very successful year of ministry.
